DETAILED ACTION

Allowable Subject Matter

Claims 1-45 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record, Ezaki et al discloses a signal transmission method and apparatus for transmitting a signal including main information and various types of additional information added to said main information, comprising the steps of: detecting the type of additional information to be added (Figure 10b the decoder detects the time of additional information to be added as further described in Column 7 Lines 28-44); generating an error check code on the basis of said selected parameter (Column 5 Lines 50+ describes generating an error check code on the basis of selected parameter); and inserting the additional information with said error check code into main information and transmitting a resultant signal (Column 5 Lines 50+ describes the end error code being inserted into the main information); however, fails to disclose

"selecting a parameter associated with an error check code based on the detected type of additional information."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
